

IIMA PRESS RELEASE 2009-10

Update on ongoing Computerized CAT 2009

IIMA, November 30, 2009: The decision to conduct computerized CAT was taken unanimously by all IIMs. The contract for delivery of computerized CAT was awarded to Prometric, a world leader in computerized test delivery. IIMs were responsible for generating questions for the tests and Prometric was responsible for conducting the test. The delivery could not be executed flawlessly because of virus attack on several test sites. Prometric is working to address the issues arising from the attacks.

IIMs would categorically like to assure candidates who could not take the test that they would get another opportunity to take the test. This assurance has been given by Prometric. The details will be worked out by Prometric shortly and announced.

A Press Conference is scheduled TODAY, in the above context:

Date : November 30, 2009 (Monday)
Time : 6.00 pm
Venue : CR-1, KLMD, IIMA Main Campus

We request your kind presence.

Please note media queries would be addressed by:

From Prometric

- 1) Charles Karnan, COO, Prometric
- 2) Ramesh Nava, VP & GM (Asia-Pacific, Japan and Africa) Prometric
- 3) Saumitra Roy, MD (India), Prometric
