

## **IIMA PRESS RELEASE 2008-09**

### **IIMA now EQUIS Accredited**

IIMA, June 11, 2008: The Indian Institute of Management, Ahmedabad (IIMA), has been accredited by EQUIS (European Quality Improvement System), the leading international accreditation body for International business schools. The EQUIS accreditation has ensured IIMA's place as the first and the only business school in India to obtain international accreditation. IIMA becomes one among the 113 EQUIS-recognized schools in the world, from 33 countries to have attained international accreditation, making it a truly Global Business Management School.

EQUIS is the leading international system of Quality Assessment, Quality Improvement and Accreditation of Higher Education Institutions in management administration. The EQUIS Scheme has been designed with special focus on all the activities of business schools that aim to meet international standards of quality. The fundamental objective of EQUIS is to raise the quality of management education worldwide.

While accrediting management schools, EQUIS looks for balance between high academic quality and the professional relevance provided by close interaction with the corporate world. A strong interface with the world of business is therefore, as much a requirement as a strong research potential. Its scope covers all programmes offered by an Institution, from the first degree to the PhD, including non-degree programmes.
