BLENDING LEARNING PROGRAMMES

The focus of Blended Learning is to merge campus experience with live online classes which ensures flexibility to working executives for attending sessions away from the campus. For the past four years, IIMA has been offering programmes in the hybrid format. Almost 30 core faculty members are involved in delivering these hugely popular programmes.

Our objective is to provide knowledge and learning support to business leaders and managements in real-time with the help of cutting-edge technology.

CUSTOMISED PROGRAMMES

A significant part of our portfolio consists of the engagements in constructing and conducting customised programmes for different organisations, corporates, government, public sector undertakings, educational institutions, regulatory bodies and other similar organisations. The aim is to address their specific requirements and provide them with suitable development interventions and strategic solutions. The training modules for these programmes are designed in close association with our clients to ensure value added delivery.
