

INDIAN INSTITUTE OF MANAGEMENT AHMEDABAD

Invites applications for the post of

RESEARCH ASSOCIATE

A research associate position is immediately available in the Production and Quantitative Methods (P&QM) area at IIM Ahmedabad. Responsibilities of the research associate include carrying out research on performance modeling of service systems using quantitative and analytical approaches.

Applicants should have an undergraduate/graduate degree in engineering/operations research/ management science/mathematics, or other-related fields (from Tier-I institutions only) before the appointment begins. In addition, the applicant should have a good knowledge of a programming language. Further, strong written and oral communication skills are a must. The initial appointment is for a period of 6 months to 1 year with possible extensions.

Please send an application (along with your CV) indicating your research interests directly to: latha@iima.ac.in. Please mark "***Vacancy position for Prof. Debjit Roy's research project***". Applications will be screened until the position is filled.
